	<ul style="list-style-type: none"> ‣ AL - Electrolytic Capacitors ‣ SMD - AL - Electrolytic Capacitors ‣ Tantalum Chip Capacitors
	<ul style="list-style-type: none"> ‣ AL - Electrolytic Capacitors ‣ OS - CON Electrolytic Capacitors ‣ POSCAP Chip Capacitors
	<ul style="list-style-type: none"> ‣ High Power LED's 1W-100W ‣ SMD Chip LED's ‣ White extra bright LED's ‣ Extra bright LED's ‣ Standard LED Lamps ‣ Blinking LED Lamps ‣ Dual Color LED Lamps ‣ Infrared LED's ‣ Laser Products ‣ Photodiode

Passive und Aktive Bauelemente

- LED Lamps
- SMD LED Lamps
- Backlights
- LED Cluster
- 7 Segment LED Displays
- Light Bars

- Potentiometers; Cermet; Carbon
- Potentiometers with Detents
- Rotary Switches
- Printell Circuit Resistors
- Trimmer

- Pushbutton and Tactile Switches
- Slide and Rotary Switches
- Rocker Switches
- Component Switches
- Navigator Switches
- Keylock Switches
- DIP - Switches

- DIP - Switches (leaded; SMD)
- Piano Type
- Half Pitch DIP Switch
- Multi Pole Type
- DIP Shants
- Right Angle DIP Switch
- Single In-line Package Switch

- Trimmer
- Surface Mount - Type
- Potentiometer
- Wirewound; Carbon; Cermet
- Encoder

- Fast Recovery Rectifiers
- High Efficient Rectifiers
- General Purpose Rectifiers
- Bridge Rectifiers
- SM Schottky Barrier Rectifiers
- Trigger Diodes
- Switching Diodes
- Silicon Varistors

Logistik-Konzepte

Persönliche Betreuung, kompetente Beratung und die Bereitschaft, individuell auch auf spezielle Anforderungen des Kunden zu reagieren, kennzeichnet nicht nur unsere Arbeit sondern auch unser logistisches Angebot. Eine Vielzahl kundenspezifischer logistischer Lösungen und angepasster Verfahren dokumentieren, dass Kunden der wts // electronic auf diese Faktoren besonderen Wert legen.

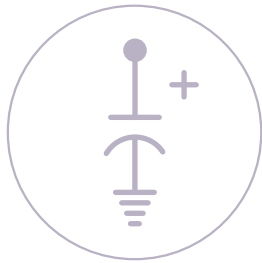

wts // electronic bietet individuellen, kundenspezifischen Service:

- Ship to Stock / Ship to Line
- KANBAN
- Konsignationslager
- Kundenspezifische Etiketten
- Barcode - Systeme
- EDI Anbindung

Wir über uns

Die wts // electronic konzentriert sich aufgrund ihrer technischen Erfahrung und Kompetenz auf den Vertrieb von passiven und elektromechanischen Bauelementen. Durch unser ausgewähltes Portfolio haben wir die Weltmarktführer für keramische-, Film- und Elektrolytkondensatoren sowie Widerstände im Programm und ergänzen diese durch leistungsfähige Spezialhersteller. Nutzen Sie deshalb die Vorteile eines weltweit operierenden Unternehmens.

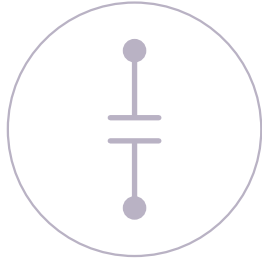

- Wir liefern nicht nur Produkte, wir finden Lösungen.

Best of Components

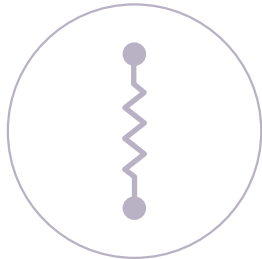

Electrolytic Capacitors

Aluminium Electrolytic Capacitors
& Tantalum Electrolytic Capacitors

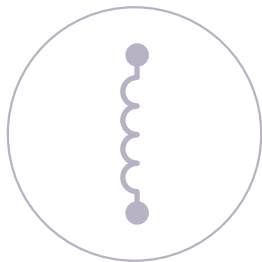

Ceramic & Film Capacitors

Standard & HV - Capacitors
& Safety Capacitors

Resistive Components

Thin Film, Thick Film Resistors & Arrays
Power & Metal Oxide Resistors
Thermistors & Varistors, Attenuators

SMT Magnetics Products

Power Inductors, Ferrite Chip Beads
& Chip Inductors
