January 2016

PDN (Product Discontinuation Notification) reference: **2016/01**

Subject: **SBSMP5000102MX* Withdrawal**
SBSMC5000102MX* Withdrawal

Dear Customer,

As a result of relatively low product volumes, Knowles regrets to advise that the filter part numbers listed (including all suffix coded versions such as SBSMP5000102MX*/0093 and SBSMC5000102MX*/0107) will be discontinued:

There are no changes to other Capacitance values within the SBSMP and SBSMC product ranges. The lowest Capacitance value now available in these ranges is 1.5nF.

If you require further information, please contact Knowles sales.

Yours sincerely,

Stephen Watts
Management Systems and Compliance Officer
Knowles Capacitors
